Brentano Textile with 3rd Party Certificates

ACT facts Certification:

VIEW ACT FACTS CERTIFIED FABRIC »

The Facts icon indicates that a textile has been evaluated by an independent third-party certification body, authorized by the Association for Contract Textiles, according to the requirements of the multi-attribute sustainability standard NSF/ANSE 336. The comprehensive examination for Facts assesses both the composition of textiles and the process by which they are manufactured. Once a textile becomes Facts compliant, it can achieve a Facts Silver, Gold or Platinum rating by earning points for additional sustainability criteria.

Peninsula 5814
Pinnacle 5827
Raku 5822
Ray 5829
Solstice 5815
Still Life 5833

MBDC Cradle to Cradle Certification:

VIEW MBDC CERTIFIED FABRIC »

MBDC Cradle to Cradle (C2C) labeling indicates that a product meets standards set by third-party certifier McDonough Braungart Design Chemistry (MBDC). MBDC certification provides companies and consumers with means to credibly measure and evaluate environmentally-intelligent design and eco-friendly products. MBDC certification is determined by many factors, including use of environmentally safe and healthy materials, design for reuse including recycling, use of efficient and renewable energy, water quality and efficiency, and strategies for social responsibility.

Oeko-Tex Standard 100 Certification:

VIEW OEKO-TEX CERTIFIED FABRIC »

One of the most well-known and successful environmental tests, **Oeko-Tex Standard 100** evaluates and screens for any harmful substances present in processed textiles. Founded in 1992, it is an international testing and certification system for textiles with branches in more than 40 countries worldwide. Oeko-Tex uses the latest scientific findings to continually update criteria.
