

Green Story:

Environmental impact and sustainability specifications of Brentano Green fabrics

Product Name: **Bungalow- 8144**

Contents: 100% Bella-Dura Polypropylene

Usage: Eco-fabric, Upholstery, Outdoor/Indoor, LEED points possible

- 1) **Bungalow** is made from polypropylene, a petroleum by-product, and repurposes what would otherwise become post-industrial waste.
- 2) All dyes and chemicals used are non-toxic.
- 3) Low water and low energy usage in manufacture.
- 4) **Bungalow** is certified MBDC Cradle to Cradle Silver.

This icon appears on all Brentano fabrics that are MBDC Cradle to Cradle certified.

COLOR OPTIONS:

- A. Cradle to Cradle Certification provides a company with the means to tangibly and credibly measure achievement in environmentally-intelligent design.
- B. It helps customers purchase and specify products from companies that are pursuing use of environmentally safe and healthy materials; designing for material reutilization, i.e. recycling and composting; use of renewable and/or efficient energy; efficient use of water; maximum water quality associated with production; and instituting strategies for social responsibility.
- C. If a product achieves the necessary criteria, it is certified as either a Silver, Gold or Platinum product, or as a Technical/Biological nutrient, and is branded as Cradle to Cradle.
