Brentano Brings out Beautiful, Bleach Cleanable Fabrics

Rhythm collection offers sophisticated healthcare textiles

Wheeling, Ill. (October 2013) — Beautiful and bleach cleanable? Brentano's new introductions satisfy those criteria and much more. Their fall 2013 offerings include sophisticated designs in an array of colors that maintain a comfortable hand while also being designed for the most strenuous environments.

Brentano's commitment to beauty + performance informs all of their designs, and these new upholstery fabrics truly up the ante by offering gorgeous patterns for healthcare applications.

Pinstripe **Big Band**, textured stripe **Groove** and chevron **Swing** all use 100% solution-dyed yarns and stain repellent finishes, making them perfect for healthcare environments seeking a more masculine look. Free-flowing, 54" **Splash** fits right in with the linear trio with its GreenShield finish and cool, retro pattern in 10 dynamic colors.

About Brentano:

Founded in 1990 by Design Director Iris Wang and her husband, President E-Kwan Chen, Brentano has grown from a modest beginning of eight patterns to an internationally represented textile house. Brentano's fabrics stem from Wang's philosophy of balancing beauty + performance. Their growing collection of eco-fabrics expands this ideology by demanding textiles meet thoroughly researched standards of environmental consciousness while maintaining their beauty. Having celebrated their 20th anniversary in 2010, Brentano continues to offer a variety of innovative and interesting textiles, including eco-friendly faux leather, high performance upholstery, fire-resistant, outdoor, Crypton, Nano-Tex and GreenShield fabrics. Please visit www.brentanofabrics.com for more information.
