A One-Of-A-Kind Polyurethane From Brentano Spring 2017 collection includes innovative, new faux leather

Wheeling, Ill. (April 2017)— Brentano's spring 2017 Ceramic collection introduces a balanced array of textiles for the contract, hospitality and residential markets. Expanding upon the carefully curated line of eco-friendly faux leathers, the new collection includes a unique, go-anywhere performance polyurethane - Cavetto.

Contemporary and futuristic, **Cavetto** is reminiscent of textures created through slip casting techniques. This innovative Polyurethane has a one-of-a-kind construction. The substrate is dimensionally knitted, creating a three dimensional texture on the face of the fabric. Solvent resistant, bleach cleanable and passing 100,000 double rubs (Wyzenbeek, Cotton Duck), the 50" Cavetto is suitable for contract level performance and joins the Brentano Green line of sustainable textiles. With a slight pearlescent shimmer effect added to enhance the distinctive pattern, Cavetto is offered in six strong colorways such as bright red, navy blue and jet black.

About Brentano:

The Brentano Design studio, led by Iris Wang, celebrated 25 years in 2015. The textile house has grown from a modest eight patterns in 1990 into an international source for polyurethane faux leather, outdoor, Crypton, Nano-Tex and GreenShield-finished, eco-friendly and fire retardant products. The carefully curated line reflects Iris' lifelong study of fine art, nature and Asian philosophy in beautiful, high-performing solutions for the contract, hospitality, healthcare and residential markets.
