Brentano Designs for Outdoor/Indoor

Fun outdoor performance patterns dominate spring textile collection

Wheeling, IL. (April 2016) — The Brentano Design Studio designed seven of the 21 new patterns in their spring Cornerstone collection for outdoor/indoor performance. The collection — Brentano's first since celebrating their 25th anniversary — builds on past successes like the introduction of Brentano's first Sunbrella Contract patterns last spring.

With Cornerstone, Brentano adds two new textures (Archipelago and Peninsula), three new stripes (Latitude, Longitude and Tombolo) and two mid-sized patterns (Isla and Keys) to their line. Practical considerations like easy cleanability and stain resistance weave through the collection, along with vibrant, tropical colors and neutral options for interiors. Patterns like **Keys** with its interlocking geometric design and the shifting stripes of **Tombolo** show the playful side of performance with abrasion resistances of 70,000 and 50,000 double rubs (Wyzenbeek, Wire Screen), respectively.

About Brentano:

Led by Design Director Iris Wang, Brentano has grown from a modest eight patterns in 1990 into an international source for polyurethane faux leather, outdoor, Crypton, Nano-Tex and GreenShield-finished, eco-friendly and fire retardant products. The carefully curated line reflects Iris' lifelong study of fine art, nature and Asian philosophy in beautiful, high-performing solutions for the contract, hospitality, healthcare and residential markets. Please visit www.brentanofabrics.com for more information.
