

Green Story

Environmental impact and sustainability specifications of Brentano Green fabrics

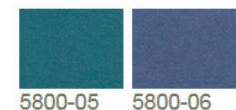

PRODUCT: **Numayla – 5800**

CONTENTS: 79% Sunbrella Solution-Dyed Acrylic, 20% Sunbrella Solution-Dyed Recycled Acrylic, 1% Other Fiber

USAGE: Eco-fabric, Upholstery, Outdoor/Indoor, Recycled content, LEED points possible.

- Numayla** is manufactured from 20% recycled acrylic. Using recycled fibers preserves the resources needed to manufacture new fibers and reduces waste destined for landfills.
- Numayla** uses 99% solution-dyed fibers. Solution-dyed yarns require less water and energy than package-dyed yarns.
- Numayla** is 100% recyclable. A special take-back program exclusive to Sunbrella products reduces waste destined for landfills and gives the fabric a second life. *For more information, please visit www.recyclmysunbrella.com*
- The mill that manufactures **Numayla** is both ISO 9001 and ISO 14001 certified for quality and environmental systems management. Their facilities also recycle all industrial waste so it never reaches a landfill and have eliminated waste water and harmful chemical effluents. *For more information, please visit www.iso.org*
- Numayla** has achieved GREENGUARD Gold Certification for low chemical emissions, helping improve air quality. *For more information, please visit www.greenguard.org*
- Numayla** has achieved a Facts Silver rating. The Facts icon indicates that a textile has been evaluated based on the requirements of the multi-attribute sustainability standard NSF/ANSI 336 through an independent third-party certification body authorized by the Association for Contract Textiles. *For more information, please visit www.contracttextiles.org*
