

Green Story

Environmental impact and sustainability specifications of Brentano Green fabrics

PRODUCT: **Peninsula - 5814**

CONTENTS: 98% Sunbrella Solution-Dyed Acrylic (28% Sunbrella recycled content),
2% Other Fibers.

USAGE: Eco-fabric, Upholstery, Outdoor/Indoor, Recycled content.

- 1. Peninsula** is manufactured from 28% recycled content. Using recycled fibers preserves the resources needed to manufacture new fibers and reduces waste destined for landfills.
- 2. Peninsula** uses 98% solution-dyed fibers. Solution-dyed yarns require less water and energy than package-dyed yarns.
- 3. Peninsula** is 100% recyclable. A special take-back program exclusive to Sunbrella products reduces waste destined for landfills and gives the fabric a second life. *For more information, please visit www.recyclmysunbrella.com*
- 4.** The mill that manufactures **Peninsula** is both ISO 9001 and ISO 14001 certified for quality and environmental systems management. Their facilities recycle all waste so it never reaches a landfill and the system is engineered to significantly reduce water use and waste water. *For more information, please visit www.iso.org*
- 5. Peninsula** has achieved GREENGUARD Gold Certification for low chemical emissions, helping improve air quality. *For more information, please visit www.greenguard.org*
- 6. Peninsula** is third party certified and has achieved a Facts Silver rating. The Facts icon indicates that a textile has been evaluated based on the requirements of the multi-attribute sustainability standard NSF/ANSI 336 through an independent third-party certification body authorized by the Association for Contract Textiles.
