

## Green Story:

### Environmental impact and sustainability specifications of Brentano Green fabrics

Product Name: **Squiggle- 6543**

Contents: 41% Rayon, 32% Recycled Polyester, 26% Cotton, 1% Nylon

Usage: Eco-fabric, Recycled content, Upholstery, Panel, LEED points possible

- 1) **Squiggle** is manufactured using 32% recycled polyester.
- 2) Using recycled fibers preserves oil and energy needed to manufacture new fibers.
- 3) Recycling reduces waste destined for landfills.
- 4) **Squiggle** can continue to be recycled, preventing it from ever reaching a landfill.
- 5) The facility that manufactures **Squiggle** qualifies for an MBDC Silver certificate.

- A. Cradle to Cradle Certification provides a company with the means to tangibly and credibly measure achievement in environmentally-intelligent design.
- B. It helps customers purchase and specify products from companies that are pursuing use of environmentally safe and healthy materials; designing for material reutilization, i.e. recycling and composting; use of renewable and/or efficient energy; efficient use of water; maximum water quality associated with production; and instituting strategies for social responsibility.
- C. If a product achieves the necessary criteria, it is certified as either a Silver, Gold or Platinum product, or as a Technical/Biological nutrient, and is branded as Cradle to Cradle.
