

Green Story

Environmental impact and sustainability specifications of Brentano Green fabrics

PRODUCT: **Pulse – 6579**

CONTENTS: 52% High Energy-Dyed Polyester, 48% Post-Consumer Recycled Polyester

USAGE: Eco-fabric, Upholstery, Recycled content, LEED points possible.

1. **Pulse** is manufactured from 48% post-consumer recycled polyester.
2. Using recycled fibers preserves the resources needed to manufacture new fibers and reduces waste destined for landfills.
3. **Pulse** can continue to be recycled, preventing it from ever reaching a landfill.
4. The mill that manufactures **Pulse** has environmentally conscientious practices in place. They reclaim and reuse water and heat from manufacturing processes and have eliminated the environmental impact of the dyes they use for recycled polyester yarns like the ones in **Pulse**. Notably, the water that leaves their facility is cleaner than the water that enters.
