

Green Story

Environmental impact and sustainability specifications of Brentano Green fabrics

PRODUCT: **Sanctuary - 8161**

CONTENTS: 100% Bella-Dura Polypropylene

USAGE: Eco-fabric, Upholstery, Outdoor/Indoor, LEED points possible.

- 1. Sanctuary** is made from polypropylene, a petroleum by-product, and repurposes what would otherwise become post-industrial waste.
- All dyes and chemicals are non-toxic.
- Low water and low energy usage during manufacturing.
- Sanctuary** is finished with GreenShield, a silica-based nanotechnology.
 - GreenShield is a topical finish that utilizes 7-10 less fluorocarbons than similar finishes and releases no VOC emissions.
 - This technology requires lower temperatures, and therefore less energy, compared to similar finishes.
 - GreenShield is certified by SCS as a Low Fluorocarbon Treatment product and is the only stain resistance finish that is eligible for use on a MBDC Cradle to Cradle Certified^{CM} product.
