

# Romance – Fall 2020 Framework Collection

The new fabric collection by Brentano, in collaboration with Gensler, product design consultant.

FRAMEWORK (freym-wurk): *a frame or structure composed of parts fitted and joined together.*

Framework, Brentano's Fall 2020 collection, uses fabrics to create a consistent, modern narrative within a space. The series of textiles introduces highly textural anchor fabrics that are both handsome and tactile, while also offering the high levels of performance synonymous with Brentano.

There is a clear vision for the collection's palette that is fresh, contemporary and relevant, comprised of energetic primary tones, clean pastels and useable neutrals. While all the fabrics have an individual personality, there is a distinct color-guided dialogue between them. Like building blocks, they come together to create striking monochromatic interiors or subtle spaces awash with complementary tones.

The Framework collection is hugely versatile with solid upholstery choices, sophisticated indoor/outdoor options and smart panel fabrics. Standout introductions include: Huddle, a fun and luxurious knit boucle, Plot and Query, a pair of highly dimensional matelassé and Scene, a thoroughly updated flannel plaid.

A studied, foundational and collaborative collection, Framework can truly be described as a series of modern classics that refine and enhance any expressive design.

## Performance Upholstery

### Chatter 4330

Contents: 70% Polyester, 25% Acrylic, 5% Linen

TRI-SISTANT **bleach cleanable**

Chatter has the look and feel of a soft and pliable basket weave, with its nubby texture and mottled coloration enhancing a feeling of casual luxury. The 14 fresh colorways of this 54" wide upholstery fabric, complement the rest of the Framework collection and serve to expand the relevance of this family of fabrics. Passing CAL 117, with an abrasion resistance of 100,000 double rubs (Wyzenbeek, Cotton Duck), bleach cleanability, and a cross-linked stain resistant finish Tri-sistant, Chatter is well suited to the rigors of any stylish but demanding space.

### Notes 4319

Contents: 70% Polyester, 25% Acrylic, 5% Linen

TRI▶SISTANT **bleach cleanable**

Notes uses its 16 compelling colorways to bring an enlightened sense of modernity to a classic plain weave. Relaxed but elegant, Notes is a 54" wide upholstery fabric with an abrasion resistance of 100,000 double rubs (Wyzenbeek, Cotton Duck) and passes CAL 117. It's also bleach cleanable and features Brentano's cross-linked stain resistant finish Tri-sistant, making this fabric a necessary standard for all manner of projects.

### Plot 4354

Contents: 100% Polyester

TRI▶SISTANT **bleach cleanable**

Plot is graphic, modern, relevant and original. Like its sister fabrics, Query and Sequence, it takes a matelassé construction and successfully updates it for the 21st century. This 54" wide upholstery fabric has 16 fabulous colors to emphasize its grid pattern and an abrasion resistance of 100,000 double rubs (Wyzenbeek, Cotton Duck). In addition to passing CAL 117 Plot is bleach cleanable and features Brentano's cross-linked stain resistant finish Tri-sistant, assuring Plot looks equally as cool in a boutique hotel lobby, a Fortune 500 boardroom or the hippest of homes.

## Performance Upholstery (cont.)

### Query 4356

Contents: 100% Polyester

TRI▶SISTANT **bleach cleanable**

Query brings an element of fun to the Framework Collection. Quirky yet considered, the traditional matelassé construction of this 54" wide fabric adds a sense of contemporary charm to both Query and its sister fabrics, Plot and Sequence. Its 16 stunning colors embolden this involving design still further. Query has an abrasion resistance of 100,000 double rubs (Wyzenbeek, Cotton Duck), passes CAL 117, is bleach cleanable and features Brentano's Tri-sistant cross-linked stain resistant finish. These qualities cement Query's status as a default choice for any project seeking to add a dynamic and tactile dimension to its design.

### Sequence 4366

Contents: 100% Polyester

TRI▶SISTANT **bleach cleanable**

Sequence is a bold and structured twill matelassé, whose undulating ribs and grooves create a sense of visual depth and interest. A 54" wide upholstery fabric, Sequence is the sister fabric to Plot and Query, and is available in 16 refreshing colors that coordinate instinctively with the rest of the collection. Sequence is made even more versatile through its high rating of 100,000 double rubs (Wyzenbeek, Cotton Duck) and its bleach cleanability. It also passes CAL 117 and features Brentano's Tri-sistant cross-linked stain resistant finish, making Sequence perfect for any project.

### Tune 4335

Contents: 100% Polyester

**bleach cleanable**

Tune stands as a tremendously versatile anchor fabric whose mélange of yarns entwine to create a gentle kinetic appearance that is both soothing yet alluring. Its utility is only added to by its 12 vivacious colorways with an abrasion resistance of 100,000 double rubs (Wyzenbeek, Cotton Duck), this 56" wide textile is suitable for upholstery, drapery and as an acoustical, hydrophobic panel fabric. Tune passes CAL 117, ASTM E-84 Class A (unadhered), and NFPA 701. Tune benefits from being bleach cleanable and Brentano's cross-linked stain resistant finish Tri-sistant can also be added, making Tune the essence of beauty + performance.

## Indoor/Outdoor Upholstery

### Duet 1241

Contents: 60% Solution-Dyed Polypropylene, 25% Solution-Dyed FR Polypropylene, 15% Acrylic

**bleach cleanable**

Duet is a perfect marriage of two yarns of complimentary colors woven together to create an understated micro-pattern full of visual interest. An indoor/outdoor textile available in 11 stunning colorways, Duet is equally at home by the pool or working hard in the family room. This 54" wide upholstery fabric is bleach cleanable, bacterial resistant and passes Cal 117. Duet also has 100,000 double rubs (Wyzenbeek, Wire Screen), making it as durable as it is handsome and an excellent addition to any design project.

### Fuse 1224

Contents: 100% Solution-Dyed FR Polypropylene

**bleach cleanable**

Fuse is a highly tactile textile that is both restrained and chic. With an understated patination, this hugely versatile 54" wide cloth is not only suitable for indoor/outdoor upholstery but is also an excellent hydrophobic and acoustical panel fabric. Featuring 14 colorways ranging from quiet neutrals to energetic hues inspired by nature, Fuse has an abrasion resistance of 60,000 double rubs (Wyzenbeek, Wire Screen), passes CAL 117, ASTM E-84 Class A (unadhered) and is IMO Wheelmark certified. In addition, Fuse is bleach cleanable and bacterial resistant. It's not overstating the facts to say Fuse is truly a fabric that can do it all.

### Sync 1209

Contents: 60% Solution-Dyed Polypropylene, 25% Solution-Dyed FR Polypropylene, 15% Acrylic

**bleach cleanable**

Sync is a deeply textured and nuanced addition to Brentano's indoor/outdoor upholstery selections. Good-looking and highly practical, its soft hand and subtly colored slub yarn adds depth and interest to this instant classic. Available in 5 warm, neutral colorways, this 54" wide fabric has an abrasion resistance of 100,000 double rubs (Wyzenbeek, Wire Screen) passes CAL 117, is bleach cleanable and bacterial resistant.

## Upholstery

### Freehand 1281

Contents: 35% Wool, 28% Acrylic, 27% Polyester, 8% Spun Silk, 2% Nylon

Freehand is a smart and contemporary anchor fabric whose inviting and tactile aesthetic can be attributed to the same slub yarn employed by its sister fabric, Trace. This 49" wide upholstery fabric is refined but casual and is available in 17 beautiful colorways. Freehand passes CAL 117 and can be further enhanced by adding Brentano's cross-linked stain resistant finish Tri-sistant. With 100,000 double rubs (Wyzenbeek, Cotton Duck) Freehand is eminently durable, and has a soft hand that exudes comfort, making it suitable for residential, hospitality and contract applications.

### Hint 4705

Contents: 92% Wool, 8% Nylon

Hint is a rich, superior, lustrous and traditional wool sateen, thoroughly updated through its crisp, contemporary palette. Its 18 colorways pair seamlessly with the rest of the collection and at 55" wide and with an abrasion resistance of 100,000 double rubs (Wyzenbeek, Cotton Duck), Hint is suitable for both upholstery and drapery applications. It also passes CAL 117, British Standards and it can be treated to pass NFPA 701 Test 1. Brentano's cross-linked stain resistant finish Tri-sistant can be added under our cut yardage finish program, making Hint an excellent choice for a variety of tailored projects.

### Huddle 7303

Contents: 88% Polyester, 12% Cotton

Huddle is a cozy but sophisticated and luxurious, deep pile boucle that is sure to become an instant favorite. Rich and inviting this 55" wide upholstery fabric comes in 18 decidedly dimensional colorways, which include plush neutrals, bold hues and soft but fresh pastels. It passes CAL 117 and is also rated at 100,000 double rubs (Wyzenbeek, Cotton Duck). Huddle's appeal can be further enhanced by adding Brentano's cross-linked stain resistant finish Tri-sistant. Whether contract, hospitality or residential, every project can use the warmth and contemporary refinement brought by Huddle.

### Scene 9649

Contents: 50% Acrylic, 25% Wool, 25% Polyester

Scene is a smart and dapper modern plaid whose scale and discreet detailing set apart this discerning wool blend flannel. Appealing and attractive, Scene comes in 16 rich colorways, allowing this 56" wide reversible upholstery fabric to be used as a vibrant anchor fabric or a dashing accent. It passes CAL 117 and is rated at 100,000 double rubs (Wyzenbeek, Cotton Duck) and has a stain resistant finish, making Scene the perfect choice for residential, commercial and hospitality designs alike.

### Trace 1279

Contents: 39% Wool, 32% Acrylic, 23% Polyester, 4% Spun Silk, 2% Nylon

Trace is a thoroughly modern, small-scale herringbone upholstery fabric, that, like its sister fabric Freehand, employs a subtle colored slub yarn to create visual interest and add texture. Its soft hand is evident in all 12 colorways from dynamic neutrals to chic lavenders and bold reds. With an abrasion resistance of 100,000 double rubs (Wyzenbeek, Cotton Duck), the durability of this 49" wide textile is never in doubt. Trace passes CAL 117 and can be further enhanced by adding Brentano's excellent cross-linked stain resistant finish Tri-sistant.

## Panel

### Insight 6564

Contents: 54% Polyester, 30% Post-Industrial Recycled Polyester, 16% Post-Consumer Recycled Polyester    **bleach cleanable**  
Insight is a tight and tailored 66" wide hydrophobic panel fabric. Its 11 contemporary colorways range from classic neutrals to more assuming tones that work harmoniously with the rest of the Framework collection. Perfect for contract, hospitality and acoustical projects, Insight passes ASTM E-84 Class A (unadhered) and is bleach cleanable.

### Intuition 6562

Contents: 54% Polyester, 30% Post-Industrial Recycled Polyester, 16% Post-Consumer Recycled Polyester    **bleach cleanable**  
Intuition is a supple, stylish and highly focused addition to the Framework collection. Intuition is a 66" wide hydrophobic and acoustical panel fabric that was fashioned to emulate the subtleties of dappled light. It is available in 15 diverse but functional colorways. It is bleach cleanable and passes ASTM E-84 Class A (unadhered), making it an excellent choice for dynamic work environments and discerning hospitality spaces.

\* IMO Wheelmark certificate is required for all sea-going yachts and passenger ships that sail under the IMO/MED or MCA. IMO stands for "*International Maritime Organization*" and approval requirements are harmonized and specifically relate to the fire protection rating of the textile.
