

Brentano Textile with 3rd Party Certificates

ACT facts Certification:

[VIEW ACT CERTIFIED FABRIC »](#)

The Facts icon indicates that a textile has been evaluated by an independent third-party certification body, authorized by the Association for Contract Textiles, according to the requirements of the multi-attribute sustainability standard NSF/ANSE 336. The comprehensive examination for Facts assesses both the composition of textiles and the process by which they are manufactured. Once a textile becomes Facts compliant, it can achieve a Facts Silver, Gold or Platinum rating by earning points for additional sustainability criteria.

ACT FACTS CERTIFIED: ACT facts Certified **Silver**  LEED Points Possible

Caspian 5838	Numayla 5800	Ray 5829
Glaze 5808	Palette 5840	Solstice 5815
Isla 5812	Peninsula 5814	Still Life 5833
Latitude 5820	Pinnacle 5827	
Majalis 5803	Raku 5822	

MBDC Cradle to Cradle Certification:

[VIEW MBDC CERTIFIED FABRIC »](#)

MBDC Cradle to Cradle (C2C) labeling indicates that a product meets standards set by third-party certifier McDonough Braungart Design Chemistry (MBDC). MBDC certification provides companies and consumers with means to credibly measure and evaluate environmentally-intelligent design and eco-friendly products. MBDC certification is determined by many factors, including use of environmentally safe and healthy materials, design for reuse including recycling, use of efficient and renewable energy, water quality and efficiency, and strategies for social responsibility.

MBDC CRADLE TO CRADLE CERTIFIED: MBDC Cradle to Cradle Certified **Silver**  LEED Points Possible

Barkcloth 2538	Meander 2512
Bing 5416	Rodez 8127
Confluence 5401	Straight & Narrow 5424
Dizzy 5418	

Oeko-Tex Standard 100 Certification:

[VIEW OEKO-TEX CERTIFIED FABRIC »](#)

One of the most well-known and successful environmental tests, **Oeko-Tex Standard 100** evaluates and screens for any harmful substances present in processed textiles. Founded in 1992, it is an international testing and certification system for textiles with branches in more than 40 countries worldwide. Oeko-Tex uses the latest scientific findings to continually update criteria.
