Green Story

Environmental impact and sustainability specifications of Brentano Green fabrics

PRODUCT: **Playground 4511**

CONTENTS: 68% High Energy-Dyed Polyester, 32% High Energy-Dyed Post-Consumer Recycled Polyester

USAGE: Eco-fabric, Upholstery

1. Playground is made from 32% post-consumer recycled polyester content. Post-consumer waste is recovered from a material or finished product from the consumer supply chain that has served its intended use and has been discarded for disposal. Using recycled fibers preserves the resources needed to manufacture new fibers and reduces waste destined for landfills.
2. The mill that manufactures Playground has environmentally conscious practices in place, including renewable energy resources used during the manufacturing process.
3. Playground is manufactured in the United States.
4. Made in a modern energy efficient facility.
